Sierra Madre is joining the Community Chest. The Kiwanis Club Board of Directors has voted for the Sierra Madre Community Fund to join the National Council of Community Chests.

David H. Allen, treasurer of the Kiwanis-sponsored Community Fund, said purpose behind joining the national organization "is to have the benefit of national advertising, organizational, and campaign material."

He emphasized, however, that the action in no way changes the purposes of the Community Fund or the organizations receiving benefits of the fund.

"The Sierra Madre Kiwanis Club," Mr. Allen said, "will continue to manage the fund as it has in the past with the co-operation of the participating activities."

The action culminates several years of back-and-forth debate on whether to become a part of Community Chest. The decision also came in accordance with suggestions by the Coordinating Council, Mr. Allen said.

## Around the Square

Recreation Director Philip Mitchell complains that some mothers are sending very young youngsters to the playground activities at City School. "They're so young we now have the problem of baby sitting."

In a more serious vein, however, he added: "We don't mind having the tots around, but we cannot assume responsibility for them."

The on-their-toes mamas must have spotted the summer program as a wonderful way of getting the kiddies out of their hair for a while.

**QUOTE-OF-THE-WEEK** laurals must go to Councilman William Kinney. After his proposal to reduce working hours in the police department died Tuesday night, he was asked if he had anything else to bring before the council. His reply: "It's no use; I'm licked. If I can't sell that one (the 48-hour work week) I can't sell any thing."

Copy desk boys must have really struggled with this headline for a story that concerned a \$35,000 Pasadena law suit: "Cleaners Press Union Suit."

Street Superintendent William Noel, relatively new to the city payroll, has the temerity to suggest that merchants stop sweeping trash from their sidewalks into the street. His boldness in this "sacred cow" department may be just the thing to turn the trick. He points out that the ordinance prohibits the depositing of virtually "anything" on city streets.

Milton Goldberg of the Welfare Council of Metropolitan Los Angeles reports that girls in the office are wondering why they have been receiving so many requests from Sierra Madres for copies of their summer camp directory. The answer, we admit modestly, is simple. The NEWS on June 12 carried a big story on camping and suggested where the booklets could be obtained.

## Council Jolts PD's '48-Hour Week'

Police Department hopes for a 48-hour work week were given an abrupt setback—at least temporarily—by the City Council Tuesday night.

A motion by Councilman William A. Kinney to hire an additional officer and thereby cut the working hours down from a 54-hour week died for lack of a second.

Councilman Noren Eaton immediately stated that he wanted to "disassociate" himself with the idea that the policemen now work 54 hours. "The figure might more correctly be 48 hours," he said. Mr. Eaton conceded, however, that this was "a matter of opinion."

He had reference to the time taken by officers to eat their meals.

Mr. Kinney pointed out that the men still are on duty during this eating period and remain near the patrol car radios or telephones.

Police Chief Gordon G. McMillan remarked that all police

## HAVE YOU BEEN MISSED . . . ?

Have you been missed in the city's weed abatement program?

If you have, contact Street Superintendent William Noel or the City Hall.

Mr. Noel thanked citizens for their cooperation and patience while waiting for the city crews to get around to the many lots that require clearing.

Some weedy areas may be in backyards and not easily visible from the street, the city official pointed out, and are likely to be missed unless reported by the property owners.

**HANDSOME TROPHY** and a check for \$100 are presented VFW Post Commander Manuel de la Torre by Judge John C. Mead, who received the awards on behalf of the Sierra Madre veterans' group at the State VFW Department Encampment in San Diego last week. The VFWers split a \$200 prize with the Kern River Post in the annual state-wide community service contest of the VFW. Pictured above are (left to right) Robert Bettencourt, quartermaster; Loran F. Smith, house committeeman and homecoming dance co-chairman; Judge Mead, Commander de la Torre, Cynthia Ellet, president of the Women's Auxiliary of the VFW; Ralph Burns (at rear), house committee chairman and dance co-chairman; and Louis Van Iersel, Congressional Medal of Honor winner who was introduced at the Encampment as "the one-man army" of World War I.

## FAMOUS BRASS ENSEMBLE TO APPEAR HERE SUNDAY

The Bob Jones University Brass Ensemble will appear Sunday morning, June 29, 11 a.m. at Bethany Church.

This group from four different states presents an unusual-type program, typical of this famous Southern institution, located in Greenville, South Carolina.

Individual members of this ensemble include William Liverman, director, who will present a brief gospel message. He holds a master of arts degree in the university's school of religion.

Helena Struthers is a graduate assistant in the College of Arts and Science. Marian Liverman is a graduate assistant in the College of Fine Arts. Joan Beltzel is majoring in Bible and sacred music. Jane Murdock is an education major, and Helen Bowersox is enrolled in the College of Fine Arts, working for a degree in music education.

All have participated in many of the university's musical productions, radio programs, Christian film features, and recordings of sacred and classical works.

The Rev. Don B. Rood, pastor

of Bethany Church, will be speaking at the regular Sunday evening service, 7:30 p.m. on the theme, "The Future Program of God." This is the third of a series of sermons on "The Second Coming of Christ."

## CIVIL DEFENSE COUNCIL MEETS NEXT MONDAY

Sierra Madre's Civil Defense Council will meet Monday, June 30, 7:30 p.m. at the City Hall.

It will be the first meeting of the council with Mayor Henry F. Korsmeier presiding as civilian defense director. He automatically became CD chief when he was elected mayor in April.

## VFW GET \$100 AWARD AT STATE ENCAMPMENT

A cash award of \$100 was presented the Harry L. Embree Post No. 3208, Veterans of Foreign Wars, at the State VFW Department Encampment that ended Sunday in San Diego.

The Sierra Madre post won the award in the annual state-wide community service contest of the VFW. The local VFWers split a \$200 prize with the Kern River Post, which tied with Sierra Madre in the contest.

Judge John C. Mead, a member of the resolutions committee at the encampment, was presented the award on behalf of the Sierra Madre veterans.

The contest entry will now be submitted in the national VFW community service contest, where prizes will total \$20,000.

## Parking Committee Membership 'Frozen'

### LARGER GROUP WOULD BE UNWILY, COUNCIL SAYS

The City Council shunned this week an attempt to get some 35 more citizens on the parking committee—a body that already numbers about 25.

Miss Jessie E. Dunning, local merchant, submitted the list of additional names for council approval. She said she was suggesting more committee members "pursuant to the suggestion of Councilman (William) Kinney at the June 10 meeting of the council."

Mayor Henry F. Korsmeier said the committee already is large enough and that adding more members would make it unwieldy. "The group right now is too large to function as a committee," he stated, pointing out that a similar committee appointed in San Marino has only 15 members.

The mayor emphasized again, however, that meetings of the parking committee are open to the public, and the "whole town" can act as "advisory members."

It was brought out that Miss Dunning's letter was not an "official communication of the committee." Councilman Noren Eaton remarked that "I haven't heard anything from the chairman (Al E. Morgan)."

"If the committee itself feels it needs more members, that's something else, though," commented Mr. Korsmeier.

Mr. Kinney flatly stated that he'd like to see all of them (Miss Dunning's list) appointed.

"The more people on the committee, the better the chance of coming up with the answer," said Mr. Kinney. "And we are

## SM Nursery School Asks To Build

The Nursery School Association cleared the first hurdle Tuesday night in its project to build an additional room on the Nursery School structure at 701 E. Sierra Madre boulevard.

The City Council voted permission for the association to build, west of the present school, a room approximately 500 feet square which will "comply in all respects" with the city's building and zoning regulations. Approval was given "subject to their right to apply for a variance and subject to the Planning Commission's approval."

Ironically Councilman Noren Eaton, who himself phrased the motion, was the lone "no" vote. After setting up the action for the rest of the council, he said:

"The sad part is that I must now vote 'no.' That is water land, and it should not be further encroached upon."

Association members were told they would have to obtain a variance from the planners if they want to leave only a

## CRAFT, PLAY ACTIVITIES ANNOUNCED BY MITCHELL

A summer recreation program for the month of July was outlined Tuesday by Philip Mitchell, city recreation director.

The five-day-a-week program will get under way at the City School playground Monday. The daily sessions will be from 10

a.m. to 12 noon, and from 1 to 4 p.m.

Craft classes will be conducted during the morning hours, with Mrs. Naomi Tisor supervising as craft director.

Mr. Mitchell said the afternoon schedule calls for alternate periods of "active" and "quiet" recreation as the weather permits.

On the "active" side, he said events would include volleyball, tumbling, horizontal bars, gymnastics, duck pins, badminton, ping pong, baseball, and basketball.

Motion pictures, story telling, music appreciation, group singing, checkers, and caroms are some of the activities planned for "quiet" periods.

William F. Smith will serve as athletics director, it was announced.

Mr. Mitchell said participating youngsters will come principally from the first through seventh grades.

## Fight Brews Over Ranch School Site

Mrs. Henry Thorpe, 1325 Medford Road, expressed the hope Tuesday that "a decision may be reached in a very peaceful manner" in the Don Benito School site dispute involving the Pasadena Board of Education and property owners of the Upper Hastings Ranch.

Mrs. Thorpe, a spokesman for some 30 property owners who have petitioned the School Board to revise the site plans, said "we are hoping to be granted a second meeting with the board in an effort to reach a decision. . . ."

She added that they hoped the meeting would be arranged soon.

The homeowners contend that the new school, as proposed by the Board, will lessen the value of their property, and their fight centers around the

## PRESCRIPTION COSTS

Sometimes the cost of a pre-  
scription seems high. That is  
because it requires a drug  
which is rare and, therefore,  
expensive. But modern mass  
production methods steadily  
bring the price down. An ex-  
ample of this is penicillin. Nine  
years ago a single dose of  
penicillin cost \$22.You can be sure that the  
prices we charge for prescrip-  
tions average no more than  
you would pay anywhere else.

## SCOUTS TO MOVE 'SHIP' TO WASHBURN PROPERTY

Committeemen of Sea Scout Ship 1 voted this week to accept  
the offer of City Councilman Lawrence Washburn regarding the  
housing of Sea Scout equipment on his property at 326 E. Sierra  
Madre boulevard.The committee expressed "thanks" to Mr. Washburn and  
completed preparations for moving the "ship" from its present  
location at the Youth Hut.Mr. Washburn's offer came  
during a recent council meeting  
and was posed as an alternate  
plan to expanding Sea Scout  
facilities at the hut. The Scouts  
had asked permission for addi-  
tional storage space.Al Feadler, committee chair-  
man for the sponsoring Lions  
Club, said his group is also  
drafting next year's program for  
the Sea Scouts. He said the  
committee is trying to obtain  
a real ship's hull which could  
be made into a "regular land  
ship" and be a headquarters  
for the boys.The unit now numbers 13, but  
Mr. Feadler said they hope to

their "Sunray" sailboat.Next month will find the boys  
receiving instruction in the use

## Richards End 15-Week Trip Around World

Mr. and Mrs. Arthur E. Rich-

the Taj Mahal, and visited the

wild peacocks, sacred cows and  
poverty, were common sights,"  
the Richards state. One evening  
a wild tiger was seen in front  
of their car.Their next hop was from Del-

at Karachi, Pakistan. The flight  
taking them over the Abadan  
oil refinery, and 20 million date  
trees at Basra, Iraq. The Rich-

in Jerusalem and visited Istan-

a week in Italy, then flew from

Paris and London and spent  
two weeks in Scandinavia. The  
Richards returned to New York

## Alert Police Work Traps AWOL Suspect

Alert police action by Officer Truman Harte resulted in the arrest last week of an AWOL Marine suspected of stealing an auto.

While on routine patrol, Harte observed a man having difficulty in starting his car in the Bank of Sierra Madre parking lot.

Upon questioning, the man said he was returning from Pasadena after getting the car "repaired." He reportedly said he was on his way to visit "an aunt" in the Hastings Ranch. Harte said the man lacked identification cards and wasn't sure where his "aunt" lived in the ranch.

His suspicions now thoroughly aroused, Officer Harte took the man to the police station, where, further investigation showed the car was listed as stolen by Santa Ana police.

He was finally identified as Charles Joseph Abuciewicz, said to be absent without leave from El Toro Marine Corps Base since June 9. Owner of the car was found to be Naomi R. Rayl of Los Angeles.

Abuciewicz insisted that he borrowed the car from a man named "Jack" at the base. He was released to Shore Patrol authorities.

# Scribe Covers 'Lemonade Set'

By STAN CANN

As a reporter for the NEWS I have handled all types of stories, from storkland items to accounts of burglaries and assaults. But Friday I was assigned my most satisfying story to date.

I covered the lemonade set. It was the fourth annual Bush Carnival, held from 10 a.m. to noon in the backyard of the Kenneth M. Bush home, 633 W. Sierra Madre boulevard.

I went to the carnival with my usual pencils and copy paper, and assumed what must be conceded was a "tongue-in-cheek" attitude toward the whole event.

I realized from the start that, as a six-footer, I could hardly be inconspicuous as I covered the story in the midst of all those little children. (Journalism textbooks say the reporter should remain on the sidelines as much as possible and let the story unfold "naturally.")

With these thoughts in mind, and feeling unusually awkward, I strolled out to the Bush's backyard. There, I saw several improvised booths and nearly 25 boys and girls. I tried to assume a casual appearance as I approached the first one.

The little tot operating the penny-toss game wasn't a bit puzzled over why a male adult would be patronizing the carnival. She explained the rules to me and seemed to view me as just another customer. I felt a little better.

My first toss landed squarely in the floating saucer, and the small girl gave me my choice of a microscopic-sized toy house, car, or train. That called for two decisions. The first one was easy; I wanted the car. The second problem was more meaty: should I as a grownup accept prizes won at a carnival intended primarily for children?

I finally reasoned that the kids should learn early in life that "business is business," and that the adult world plays for keeps.

So, somewhat ashamedly, I pocketed the prize and went on to Booth No. 2. It was a marble throw. Contestants were supposed to toss marbles into tin cans. A tiny boy, probably not quite two yet, was monopolizing this attraction, so I elbowed my way on to the third booth.

This one required the skill of a bombardier. The victim—er, customer, was supposed to drop clothes pins through the narrow neck of a milk bottle. My score of two hits for six tries was ruled just "fair," but it was good enough to win for me another prize. This time I decided on the house.

There was a big line up at the fishing-well booth, so I passed that one up and waited for The Show to start.

I grabbed a place on one of the benches facing a stage made from the Bush's back porch. I soon surrendered my seat, however, because I thought I would appear less like an intruder if I squatted on the grass. Besides, I didn't want to intimidate the performers.

Presently the lavender curtain went up (I was later told this was a sheet), and the big show was under way.

Kenneth (Smoke) Bush, 12, who masterminded the whole carnival, was master of ceremonies. After solemnly greeting the audience, he announced the first number, "America the Beautiful," sung by Jo Ann Bush, 10, Marjorie Mack, 9, and Smokey.

Emcee Bush then entertained with two numbers on his saxophone: "Over the Rainbow" and "Santa Claus Is Coming to Town." The crowd really warmed up to the latter number, then remembered that it was still the middle of June.

It was about then that the heckler started his work. Gregory Nuetzel, seated in the bald men's row, boomed at everything that was offered. His equipment included a rubber cigar. I surmised that he was part of the act.

Jo Ann and Mary Marsh teamed up for a rendition of "I Don't Want to Play in Your Yard." During their act, a grey kitten was discourteous enough to cross the stage. This brought a few muffled giggles from the children.

"Mr. Taffy Bush" next took the bandstand to "sing" with the saxophone. "Mr. Taffy" is a dog, and it was explained by Smokey that the canine "doesn't like the sound of a sax." The dog apparently didn't and responded beautifully by howling as the instrument was played. The pooch broke up his own act, though, by slipping out of his leash. He headed for me and I held him until his mistress arrived.

Jo Ann and Beverly Nuetzel closed the program with "Home on the Range," and the youngsters adjourned to the garage-theater to see movies.

By that time, your reporter was thoroughly enjoying himself. I reluctantly passed up an invitation to stay and see the pictures and slipped away to return to the NEWS Office.

The assignment was made a complete success when I handed in my expense account. I was given back my four cents—and I was able to keep my booty to boot.

I am now ready to go out on the limb 'n aid all lemonaders.

## Plunge Opens With Near Capacity Load

Sierra Madre's Canyon Pool had a big opening day Friday, with 201 boys, girls, and adults taking their first local swim of the season.

Harold S. Turner, pool manager, termed it "a near capacity crowd."

Attendance Saturday was 85, and on Sunday it was 65. Many adult Sierra Madreans took advantage of the pool during the weekend.

Night swimming will be started as soon as the weather becomes more "summerlike." Mr. Turner announced. Plunge hours at present are 1 to 6 p.m. weekdays and Sundays; 11 a.m. to 6 p.m. Saturdays; and closed on Mondays.

An innovation this year is the offering of season tickets. Other admission rates are as follows: 15 cents for children 11 and under; 25 cents for youths 12 to 18; and 50 cents for those 19 and over.

The pool telephone number is Custer 5-9004. Lifeguard Steve Stankov and Mr. Turner are on duty at all times during the pool's operation.

## SM NURSERY From page one

2½-foot sideyard to the fence. Building ordinances require sideyards of 5 feet. Mayor Henry Kirsmeier pointed out that the Nursery School land is R-1 and is leased from the city.

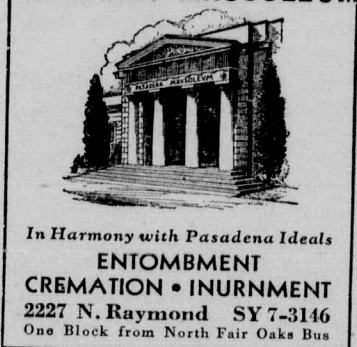

Mac Cason, the architect who will draw up the plans, said a 5-foot yard would make the room "too narrow and, therefore, useless to us." It is to be used for offices and indoor rest and play space.

Mr. Cason intimated that "we're winking at the law," whereupon Councilman Eaton stormed that "we already have a case here (before the city) where none of the ordinances were complied with."

"If we are not going to enforce the ordinances, why not repeal them?" he demanded.

The council took no action on a second request of the Nursery School—for use of the Youth Hut Monday through Friday morning to provide for approximately 25 children who will be too young to enter kindergarten next fall.

departments assume that their officers are "on duty" during lunch periods. He denied that an hour is used for eating, as was intimated by Mr. Eaton.

"If Sierra Madre police are not now working a 54-hour week," the chief declared, "then the Pasadena and Arcadia departments are not working 40 hours."

Mayor Henry F. Korsmeier posed this question for the chief: "Which would the men rather have, a reduction in hours or an increase in pay?" Mr. McMillan replied, "I can't answer that."

Councilman Charles James took the view that "no group should have to work 54 hours a week," but he said Mr. Kinney was being "apprehensive unnecessarily" since the overall study of city employees' wages and hours is nearly completed and the matter can be considered then.

"I hate to see \$3500 paid out for an extra man when the salary schedules for all city employees may not be what they should be and when that \$3500 would come out of the pockets of existing employees," stated Mr. Eaton.

## CLIPPER CLUB HEARS TALK BY U. S. FORESTER

Floods are not always an act of God, for at times they are the direct result of man's mismanagement and mishandling of his natural watersheds.

That was the statement last week of Rupert Pole, unit ranger of the US Forest Service, Sierra Madre Guard Station, in a talk for the Clipper Club of Trinity Presbyterian Church.

Mr. Pole stated that the carelessness of about 5 per cent of those using forests account for the millions of dollars in loss suffered each year by fires alone.

He said the denuded lands, unable to absorb the water when the rains come, permit it instead to run off. This causes not only great loss of life through floods but ruins the land for many years because of soil erosion.

"The extra tax load placed upon the citizen by this carelessness is staggering," Mr. Pole declared.

The speaker illustrated his talk with two films, "Watershed Fire" and "The Lifeblood of the Land."

LOVELY NATALIA CLARE, Hollywood born and raised, is one of the top-notch dancers who will be seen with the Ballet Russe de Monte Carlo when it opens - for 8 performances - at the El Comodoro Theatre on Wednesday night, July 2. Miss Clare's husband, Oleg Tupine, is also one of the ballet stars with the troupe.

## Pomona Youth Gets 3 Days For Speeding

Officers said Swift was driving 60 miles per hour in a 25-mile zone.

## MEETING YOUR NEIGHBORS IN

# Hastings Ranch

KAY GATES—Custer 5-2183

We seem to have a bit of a lull in newsy activities here this week—several kiddies still recuperating from the measles, others leaving for summer camps, some families packing to get away on trips, and others of us busy in the yard, pulling out weeds and putting in plants meanwhile hoping of course that the latter will thrive as vigorously as the former seem to have.

One of our neighbors, Mr. A. C. Wilfong, had a most unfortunate experience two weeks ago when he was involved in a bad automobile accident at the intersection of Rosemead and Colorado boulevards. We are happy, however, that he is making a very rapid recovery from his injuries and that he was well enough to get to his office for a few hours this week.

Welcome home to two of our traveling men: Mr. Robert Gingham who has just returned to his family on Newhaven road from Columbus, Ohio, and Mr. Ira Simpson back again on Shadow Grove after a trip to Cleveland and Michigan.

Guests in the ranch—Mr. Robert Gingham's niece and husband, Mr. and Mrs. Donald Churchman, from Portland, Oregon, who stopped off for a visit enroute to Dallas, Texas, and the Junior Chamber of Commerce Convention there; and Mr. Werner Fend's sisters, from Detroit, Michigan, who are visiting the Fend family on Landfair road. One sister, Mrs. Frank Swepp, will stay until October, and the other sister, Miss Norma Fend, we are happy to hear is going to be a Californian and a close neighbor in Sierra Madre where she will live with her parents on Sunnyside avenue.

A family outing—the Smallmans, Kirk, Linda, Judy and Joan, with ranch pals, Bonnie Thomson, Jack Tierney and Nancy Collier, had a gay outing to celebrate Father's Day, a picnic and hike in the canyon above Santa Anita avenue in

Arcadia. A hike which took them deep into the scenic canyon to Sturtevant Falls, equally as beautiful, they say, as those in Yosemite.

A big party for a little man, —Saturday afternoon, when Master Burt Dougherty III celebrated his second birthday at his home on Fairmeade road. Twenty-three adults and 14 children present, and a real live pony for the kiddies to ride. Among friends from Los Angeles and Whittier were those from the ranch: Glen Wilson with his mother, Mrs. Hall Wilson; Brook Taylor with Mrs. W. H. Taylor; Jim and Mike Reynolds and Mrs. Frank Reynolds; Karen Simonson, Susie Christinas, June Nichols, and Valerie Osenga. (Incidentally, we are awfully sorry to hear that the Dougherty family is leaving our ranch this week to move to San Francisco for the next year; however, it is gratifying to know that their move is not a permanent one and that they will return to our ranch again as soon as their stay in the northern city is ended).

Our roll of good neighbors—How many of us have felt we should do something for our new neighbors to help them get acquainted when they move in on our street? We have had the good intentions but that is as far as we have gotten. Now our "pat on the back" to a group of ladies who have carried through with this gesture of good neighborliness. They live on Rim road, and each time a new neighbor moves in on their street, they have a morning get-together over coffee and doughnuts to introduce her to her neighbors. Those who met Tuesday morning at the home of Mrs. Lewis Scarr to meet their new neighbor, Mrs. Thomas Yeakle, were: Mmes. Leonard H. Wright, Arthur B. Swanson, Fred Peterson, C. W. Lambert, Joseph Frontino, Glen Earl, George Bulger, C. E. Cox, Max Coddington, Norman Johnson, C. A. Joneson, Rocco Marzolino, and Modesto Fabro. Let's add more "good neighbors" to our roll.

Meanwhile, don't forget, neighbors, this is YOUR column so let us hear what YOU did this week.

Signal and Be Sure.

## Homecoming Dance Attracts Large Crowd

Between 300 and 400 Sierra Madrans turned out Saturday night to welcome home local veterans of the Korean War. The Homecoming Dance at the Woman's Clubhouse was attended by approximately 30 Korea veterans, most of them former members of the 40th Infantry Division.

Mayor Henry F. Korsmeier was on hand to officially welcome the men back to Sierra Madre. The 40th Division soldiers were placed on active duty in September of 1950 and served overseas in Japan and Korea.

They have been "filtering" back into civilian life during the past several months, and the dance Saturday was the first official recognition given their service.

The event was sponsored by the Harry L. Embree Post No. 3208, Veterans of Foreign Wars. Allen Robertson and his orchestra supplied the dance music.

In charge of providing refreshments were Mr. and Mrs. James Heasley Jr. and Mr. and Mrs. Charles Ellet. The decorations committee included Loran Smith, Robert Bettencourt, Verle Rhine, Manuel de la Torre, post commander; Eugene (Beans) Colbert, and Ralph Burns.

Mr. Burns, Mr. Smith, and Mr. de la Torre were co-chairmen of the dance.

## BI-STATE PICNIC

Several thousand persons are expected to attend the New York-New Jersey joint annual picnic to be held all day Sunday, July 6, at Bixby Park, Long Beach.

## WILL STUDY IN HAWAII

Miss Carol Rondeau, daughter of Mr. and Mrs. Louis R. Rondeau, 59 W. Carter, left by plane for Hawaii last Saturday, June 21.

A third grade teacher at the Daniel Webster School, Pasadena, Miss Rondeau is taking a six-week course at the University of Hawaii. On her return she will visit with friends in San Francisco.

## FIGHT BREWS

southern end of the 10-acre site, where a 5 to 9-foot wall plus a 12-foot topping fence are contemplated.

"This wall and fence also would constitute a pretty bad fall if a youngster tried to climb it," Mrs. Thorpe told the NEWS Tuesday.

The petitioners are led by three residents—Mrs. Thorpe, Mrs. Ralph Schuck, 1325 Valley View avenue, and Sidney Rakken, 1320 Medford road—whose homes reportedly would be 6 feet from the retaining wall and fence.

A closed meeting of the Board members and property owners was held nearly a month ago in an unsuccessful effort to reach a compromise decision.

The group has intimated that it may try to obtain an injunction to prevent constructing the wall and fence right along the property line.

Meanwhile John Glaser, director of buildings and grounds for the Pasadena City Schools, was quoted this week as saying that the wall and topping fence was proposed to protect neighbors from the bother of balls and other athletic equipment getting into their backyards.

## POSSIBLE LEGAL

T. Guy Cornyn if Dr. Valois' apparent intention to rent the apartment might be a "possible violation." Mr. Cornyn replied that he believed it would be.

Mr. Eaton then moved that this "question of rental be referred to the city attorney and chief of police for investigation and recommendation."

He later said, however, that he did not want to renew the motion, "but it has been brought to the attention of the proper authorities that a violation may exist."

Mr. Jackson also questioned the legality of the actual variance. He pointed out that a variance is "persons" (for the person, not the property), and that it was Fred Rick—not Dr. Valois—who originally filed for the variance on that property.

Mr. Cornyn agreed that Mr. Jackson's interpretation of the law was "generally true."

Mr. Jackson's point was that the variance should have automatically died when Mr. Rick sold the property to Dr. Valois who, according to the local clothier, did not come into the picture until 2 1/2 months after the original filing.

Meanwhile, the councilmen upheld the decision of the planners in denying Mr. Jackson's zone change request. They reminded him, however, that the commission is studying the possible creation of a modified C-1 zone for all or part of Sierra Madre boulevard between Lima and Michillinda. The planners said on May 22 that they will be ready to start action on this within 90 days.

## Wreck Victims Now at Home

Convalescing at home today after their release from the hospital earlier this week are three youths who were injured in a traffic collision June 12.

C. V. Hansen, 16, of Sierra Madre, and Robert LaRue of Pasadena were released from Santa Ana Community Hospital Monday. Bruce Archibald, 17, 262 Manzanita, came home Tuesday.

The youths' car was totally demolished when it collided with a dump truck as they were driving home after a day at the beach.

## PARKING

From page one

less apt to get a one-sided answer if the committee is large." Thirty of Miss Dunning's suggestions were private citizens; three would represent the Kiwanis, VFW, and Lions; one would come from the Civil Defense Council; and the other would be the fire marshal (James C. Heasley).

Meanwhile, last night's scheduled meeting of the parking committee was postponed until next Wednesday, July 2. A. R. Nelson of the Pasadena Safety Council has been invited to speak at next week's meeting, Chairman Morgan announced.
